MINUTES OF THE FLORIDA ENTOMOLOGICAL SOCIETY
January 13, 1933

President Tissot called the meeting to order at 4:10 P.M. in Room 305, Agriculture Building.

The following members were present: Mr. Calhoun, Mr. Rowell, Mr. Kea, Professor Watson, Professor Ryers, Professor Dickey, Dr. Tissot, Mr. Bratley, and Professor Creighton. There were also several visitors in the audience.

Dr. Tissot introduced Professor Watson as the speaker for the day. Professor Watson delivered an extremely interesting paper on Thysanoptera distribution. He named many of the outstanding thrips and gave their regional distribution. He also gave several factors that might possibly limit the spreading of some species. The speaker also gave some points concerning the structure and the life history and habits of the Thrips in general.

After the presentation of this address, the members of the society were permitted to ask the speaker questions concerning the Order Thysanoptera.

The president announced that the secretary had obtained Dr. Mark F. Boyd, Anophelene Mosquito expert, for an address before the society at 4 P.M. Friday, February 10. The meeting to be held in the large lecture room on the first floor of the Agriculture Building.

An announcement was then made by Mr. Bratley, the Business Manager.

This being the regular meeting for the election of officers, the following men were duly elected:

- President—Mr. Calhoun
- Vice-president—Mr. Merrill
- Secretary—Dr. Berger
- Business Manager—Mr. Bratley
- Editor of The Florida Entomologist—Professor Watson
- Assistant-Editor of The Florida Entomologist—Dr. Berger

JOHN T. CREIGHTON.
